MIDLAND, Texas, Nov. 29, 2018 (GLOBE NEWSWIRE) -- Diamondback Energy, Inc. (NASDAQ: FANG) ("Diamondback") today announced that it has completed its acquisition of Energen Corporation (NYSE: EGN) ("Energen"). The merger was previously approved by Diamondback stockholders and Energen shareholders at special meetings held on November 27, 2018.

"Today is an exciting day for Diamondback as we have completed the merger of these two companies to become a large cap independent oil and gas company with the size, scale, inventory depth and cost structure to compete for many years in the Permian Basin. Our path to success has never been clearer: maintain best in class execution and low-cost operations on a larger scale. As a result of this merger, we have built a company that can consistently grow production at best in class rates and generate free cash flow even in challenging commodity price environments, all while maintaining a fortress balance sheet," stated Travis Stice, Chief Executive Officer of Diamondback.
