

## Diamondback Energy, Inc. Completes Acquisition of QEP Resources, Inc.

March 17, 2021 1:25 PM EDT

MIDLAND, Texas, March 17, 2021 (GLOBE NEWSWIRE) -- Diamondback Energy, Inc. (NASDAQ: FANG) ("Diamondback" or the "Company") today announced that it has completed its previously announced acquisition of QEP Resources, Inc. (NYSE: QEP) ("QEP") in an all-stock merger following approval of the merger and related proposals by the QEP stockholders at their special meeting held on March 16, 2021.

QEP reported the results of its stockholder vote at the special meeting on its Form 8-K with the Securities and Exchange Commission on March 16, 2021.

As previously announced, in the merger, QEP stockholders will receive 0.05 of a share of Diamondback common stock for each share of QEP common stock issued and outstanding immediately prior to the effective time of the merger, with cash to be received in lieu of any fractional shares. As a result of the merger, QEP common stock will no longer be listed for trading on NYSE and its reporting obligations under the Securities Exchange Act of 1934 will be suspended.

"We are excited to announce that we have completed our acquisition of QEP. This deal, along with our recently completed acquisition of certain assets from Guidon Operating LLC (the "Guidon acquisition") bolsters our depth of Tier 1 Midland Basin inventory and positions us to allocate a majority of our capital to the high-returning Midland Basin for the foreseeable future. We look forward to updating the market on our progress on synergy capture and laying out the pro forma operating plan for 2021 as soon as practicable," stated Travis Stice, Chief Executive Officer of Diamondback.
